## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-22 are allowed.
2. The following is an examiner's statement of reasons for allowance for independent claims 1, 15 and 22. The prior art teaches samples applied to a first expert and second expert. Prior art fails to teach matching and non-matching scores defined upper and lower bounds of a range of tuning parameters when compared to one another. Also, range-merging mechanism merges overlapping ranges into a merge array. These features in combination of the other features are not taught in the prior art. Dependent claims depend on independent claims 1, 15 and 22. Therefore are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
